

Everything Under Safety And A Little Bit More...

URUGUAY

Since its establishment in 1993, Uruguay has grown to be a major supplier and manufacturer of safety equipment and clothing in the Middle East.

We have built a strong reputation over the years by introducing world renowned brands whose quality needs no introduction. To meet the need of the industry and to make Uruguay a complete "Safety Central" we have established manufacturing units for Corporate Uniforms with computer embroidery & screen printing facilities & Safety Signs and Sign Boards. We continue to offer a comprehensive selection of more than 5000 selected products "One-Stop Shopping for all your safety requirements".

Our outstanding customer service and technical support is here to support you in any way possible to make your job easier. Please call us or visit our showrooms to help you to "Make your work place safer".

Hard Hats

Sellstrom's 6 point hard hats provides lightweight comfortable protection. Made of high density polyethylene, the hard hats are durable and ideal for a variety of industries.

Ear Muffs

- Noise Reduction Rating from 21 to 26
- Variety of designs to select from according to your requirements
- Light weight for your comfort
- Fits all sellstrom & most competitive hard hats
- Meets ANSI S3.19

Face Shield

Extra Safety, comfort, durability and protection are built into every Sellstrom faceshield. Faceshields should be worn over ANSI approved protective eyewear. The Sellstrom Plus Factor features are part of every faceshield.. Features include 2 headgear styles - Ratchet and Positive Lock, High impact spark guard, Interchangeable window sizes and more.

Ventilation Hard Hats

Full Brim Hats

Meet ANSI Z 89.1 Standards for Class G, E

DP4™

Multi-Purpose Faceshields

Meet ANSI Z87.1+ High Impact and are CUL Certified to meet CAN/CSA Z94.3 Standards.

Cobalt Blue

New Shade 6 Cobalt Blue Option Ideal For Gas Welding Application and Cast Iron As well as in Metal - Gas and Glass Furnace

301/330 Faceshield Series

Meet ANSI Z87.1+ High Impact and are CUL Certified to meet CAN/CSA Z94.3 Standards.

The Advantage™ 301 Faceshield Series has a unique toggle design that makes window assembly quick and easy.

The 330 Faceshield Series features a durable, heat resistant fiberglass crown. This faceshield is excellent for high heat applications.

301 Series

330 Series

ARCFLASH™

Protective Faceshield

Meets ANSI Z87.1+ High Impact Standards, ASTM F-2178-06 and NFPA 70E Standards.

DUST MASKS & RESPIRATORS

P910-N95

PMR SAFETY N95 NIOSH APPROVED RESPIRATOR

These are extremely durable, have a soft and comfortable inner surface, an adjustable nosepiece and secure head straps to provide proper fit and are available in 20 Masks/ Box.

BG-102VF

PMR SAFETY FFP2 FLAT FOLD RESPIRATORS

This Respirator meets the requirements of EN149 (FFP2 NR) and should be used to protect the wearer from solid and water based aerosols.

These can be used in concentration of contaminate up to 10 times the OEL.
These are CE Approved to CE 0194 & EN 149:2011 + A1:2009

P910-N95V

PMR SAFETY N95 NIOSH APPROVED RESPIRATOR WITH VALVE

Our unique exhalation valve offers maximum inhalation protection while providing minimal exhalation resistance. This feature and all those of our standard P910-N95 combine to offer the proper fit and durability. Special featured welding head strap which is an alternative choice for staple head strap and are available in 10 Masks/ Box.

BG-103VF

PMR SAFETY FFP3 FLAT FOLD RESPIRATORS

This Respirator meets the requirements of EN149 (FFP3 NR) and should be used to protect the wearer from solid and water based aerosols.

These can be used in concentration of contaminate up to 20 times the OEL.
These are CE Approved to CE 0194 & EN 149:2011 + A1:2009

BG 20

PMR SAFETY NUISANCE DUST MASK

This is a Disposable and Maintenance Free Mask. Low Profile design allows to perfect vision with glass and Safety Goggles. Allow for easy breathing and normal speaking. Soft Fiber construction and adjustable nosepiece for super comfort and fit and are available in 50 Masks/ Box.

BG 10

PMR SAFETY LIGHT WEIGHT NUISANCE DUST MASK

This is a Disposable and Maintenance Free Mask. Low Profile design allows to perfect vision with glass and Safety Goggles. Allow for easy breathing and normal speaking. Soft Fiber construction and adjustable nosepiece for super comfort and fit and are available in 50 Masks/ Box.

SURVIVIOR LED SERIES

C4® LED Technology, Tough, durable, portable lantern certified for hazardous locations.

EURO Approved ATEX Series

VULCAN SERIES

Industrial-duty, lightweight, rechargeable, waterproof lantern; it's virtually indestructible. Waterproof/ Dustproof IP66.

EURO Approved ATEX Series

Knucklehead® SERIES

RECHARGEABLE WORK LIGHT

Shockproof dual **C4® premium LED technology** delivers 200 lumens. Features a 210 degree articulating head that rotates a full 360 degrees.

Fire Vulcan® LED

The brightest rechargeable LED lantern in its class! It's brighter, lighter and smarter. The life-saving taillights are just part of what makes the **rechargeable Fire Vulcan LED** such a critical firefighting tool. Ultra-bright **blue taillight LEDs** make certain you can be seen even in thick smoke

Waypoint® Rechargeable

Featuring a rechargeable lithium ion battery. It's waterproof to 2 meters and it floats!

E-Flood® LiteBox®

The E-Flood® models are industrial-duty, rechargeable, portable lanterns featuring power LED technology for high brightness, long runtime and high reliability. IPX4 Rated for weather resistant operation

LITEBOX SERIES Power Failure System

Portable, powerful, industrial-duty, rechargeable lantern with swiveling neck is ideal for fire fighters, industry and homeowners.

SL SERIES (SL-20XP®)

The SL-20XP is a full size professional grade, lightweight, high-intensity, rechargeable flashlight. Lightweight, super-tough nylon polymer case with non-slip rubber comfort grip.

Streamlight Solar Stream (Supplemental Vehicle Charging System)

- Reliable: Panel will continue to operate at reduced performance if panel sections are damaged
- Packaged with fuse holder and fuse
- 5 YEAR LIMITED WARRANTY

HEADLAMP SERIES

- Its long-running, high-performance headlight to meet the hazardous locations while maintaining exceptional light output.
- **C4® LED** technology, impervious to shock with a 50,000 hour lifetime.

Blue Nano Light®

- Double-sided fob features the COPS logo on one side and the Streamlight logo on the other side
- Non-rotating snap hook for easy one-handed operation

Key-Mate

The world's smallest, brightest, one-ounce, machined aluminum, one LED flashlight! The Key-Mate® runs longer and stays brighter.

ProPolymer® 3C LED

- Impact and shock resistant LED flashlight that provides 336 hours of run time.
- Waterproof

PolyTac 90® LED

It's super bright, can be operated easily with gloves and is encased in virtually indestructible nylon polymer housing.

Scorpion® LED

One of the brightest, lightest personal flashlight ever created, the Scorpion® LED is the only tactical light with a rubberized grip and tailswitch and anti-roll head.

Task-Light® 3AA LED

The long life of an LED with the longer range and bright beam of a conventional high-powered flashlight.
